Product brochure

› Three supreme colour A3 multifunction systems, which perform at high-speed to print, scan, copy and fax.

› A paper capacity of up to 6,000 sheets paired with various finishing options ensures highest productivity when delivering impeccable colour documents.

› Equipped with the Toshiba Secure HDD the e-STUDIO6570c series protects sensitive company data based on state-of-the-art technology.

› Intuitive usage via the large user interface allows highest efficiency and helps optimise document workfows.

› The e-STUDIO6570c series has been designed to help save resources. Low energy consumption and power save modes have ecological and economical benefits.
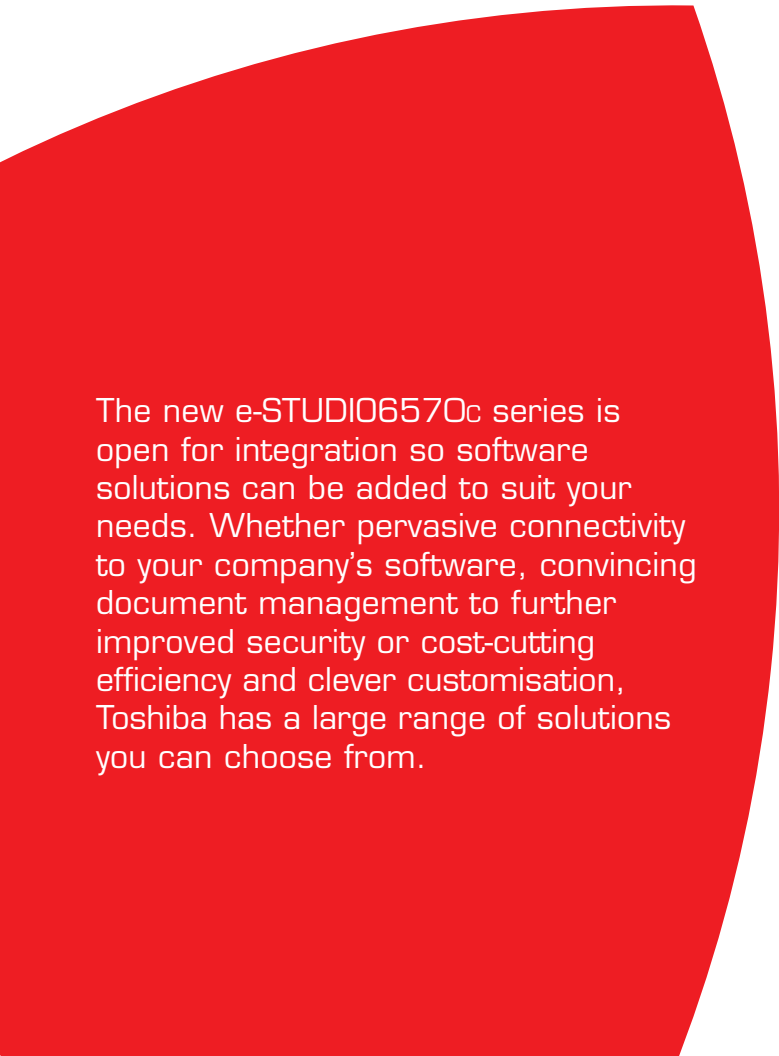

TOGETHER INFORMATION

The e-STUDIO5560c/6560c/6570c have been designed to support businesses which need intelligent document management, high-quality colour output and impressive productivity.

The e-STUDIO6570c series offers state-of-the-art document output for demanding workflows and supports departments and companies of any size. The A3 colour systems offer print, scan and copy functionality as standard and can optionally be used as a fax.

Remarkable image quality, with crystal clear graphics and brilliant colours will let you create impressive documents - whether as hard copy or electronic file.

But there is more. The powerful Toshiba e-BRIDGE technology enhances workgroups, departments and companies with new applications that go beyond the scope of traditional document handling. Automated processing, archiving and storage as well as search and retrieval of any document within a network is also supported.

Easy to integrate into an existing network the e-STUDIO6570c series offers advanced administration functions which will allow simple and transparent control of access, status and costs.

The new e-STUDIO6570c series is open for integration so software solutions can be added to suit your needs. Whether pervasive connectivity to your company's software, convincing document management to further improved security or cost-cutting efficiency and clever customisation, Toshiba has a large range of solutions you can choose from.

KEY FEATURES

1 A large colour touch panel allows easy access and intuitive usage of the print, scan, copy and fax functions.

2 Impressive speeds of up to 65 pages per minute in colour and up to 75 pages per minute in monochrome ensure fast processing of print jobs.

3 Based on innovative technology and including sophisticated security features, the e-STUDIO6570c series meets all demands of modern offices.

4 Multiple paper sources hold a paper capacity of up to 6,000 sheets. The e-STUDIO5560c can even be equipped with a Tandem Large Capacity Feeder for easy refilling of paper without interrupting running print jobs.

5 Various finishing options allow the in-house creation of professional looking documents.

6 Impeccable image quality with crystal-clear graphics and brilliant colours - from the first to the last page.

VERSATILE PRODUCTIVITY

Demanding print jobs require reliable systems which are capable of high-quality document output regardless of volume or complexity.

Whichever Toshiba system you choose - all three models of the e-STUDIO6570c series offers you impressive document output. At a print speed of up to 65 ppm in colour and up to 75 ppm in monochrome these systems leave nothing to be desired.

A wide range of paper formats - including banner paper up to 1,200 mm - and paper weights from 64 gsm to 300 gsm - ensure that more than just standard office documents can be printed, scanned and copied.

The maximum paper capacity of 6,000 sheets is sufficient for even high-volume print jobs. And if needed, paper and toner can be refilled without interrupting the print job - a feature which will save you valuable time - especially when under deadline pressure.

To give your documents the finishing touch, the colour system come with a wide range of options. Whether hole punching, multi-positioning stapling or booklet printing with saddle-stitching, the finishing possibilities leave plenty of room for your creativity.

SOPHISTICATED TECHNOLOGY

Toshiba's colour systems are a good example of how modern technology and usability do not have to exclude each other. Even though equipped with state-of-the-art technology, the systems are intuitive to use.

Like all Toshiba products the e-STUDIO6570c series was created with your needs in mind. The best technology is of no help if operation is tedious and time-consuming. Hence, Toshiba's human-centric approach allows the intuitive use of the system and ensures optimised usage right from the start.

A large colour LCD touch panel with its ergonomic user interface gives full and instant access to all functions. User specific one-touch templates, enhanced preview options and sophisticated filing possibilities are available at a glance.

The Universal Printer Driver, common to all e-BRIDGE driven systems, simplifies document handling even more. It lets users apply predefined settings to their print jobs from any application on their PC. This ensures documents are created the way they should be - everytime on any e-BRIDGE system in the network.
TAILOR-MADE SOLUTIONS

Each company has its unique workflows and requirements. We understand these and offers a large range of solutions, which optimise your document workflow.

The e-BRIDGE controller technology from Toshiba is the high-tech core of the e-STUDIO colour system. It's the functional foundation for fast and fascinating document processing and highly productive applications.

The controller also allows the easy integration with software solutions. So wether you want to extend your connectivity, want to create a smart document workflow or simply want to make your MFP available for mobile printing, with e-BRIDGE you have the flexibility to do so.

Toshiba also offers a large range of solutions you can choose from. The highly sophisticated OCR software, e-BRIDGE Re-Rite, is just as much part of our product portfolio as is our cost-cutting Energy Manager for office, which will allow you to optimise the power consumption of all compatible PCs and MFPs in your network.

ULTIMATE DATA SECURITY

Toshiba offers various possibilities of securing your data and documents to help your business meet the increasing security challenges of today's world.

One example is the innovative Toshiba Secure HDD with which these three colour systems are equipped with. The 256-bit AES encryption happens in near real-time, without loss of performance and the encryption key.

Furthermore, the Toshiba Secure HDD knows which device it has been built into. If removed unauthorised and connected to a different MFP or PC the encryption key, which is stored on the HDD itself, will be deleted - guaranteeing that your data is safe.

> **Access Security**
>   – Network Authentication
>   – Role Based Access
>   – Usage Limitations
>   – Card Authentication[1]
>   – Department Codes

> **Document Security**
>   – SecurePDF
>   – Private Print
>   – HardCopy Security[1]

> **Device Security**
>   – Secure HDD
>   – SSL
>   – IPv6
>   – IP Filtering
>   – SMB Signing
>   – IPSec[1]
>   – Data Overwrite Enabler[1]

Security is a growing concern for companies of all sizes. Toshiba has innovative methods of protecting valuable data in order to ensure that what is your stays yours.

With MFPs and printers having the ability to store data, they have become an integral part of business networks and thus are a critical point of vulnerability. Sensitive data and business-critical information can easily be accessed unauthorised if security measures are not in place.

SPECIFICATIONS

General

Print & Copy Speed	Colour:	55/65/65 ppm (A4), 27/30/30 ppm (A3)
	Monochrome:	55/65/75 ppm (A4), 27/30/37 ppm (A3)

Warm-up Time Approx. 70 seconds from low power mode

Paper Size & Weight Cassettes: A5R-320 x 460 mm, 64-256 gsm
Tandem LCF[1]: A4, 64-256 gsm
Bypass: A6R-330 x 483 mm, 64-300 gsm,
banner paper (up to 313 x 1,200 mm, 90-163 gsm)

Paper Capacity 4x 540 sheets (Cassettes) or 2x 540 sheets
(Cassettes) + 2,320 sheets (Tandem LCF)[1],
1x 100 sheets (Bypass)
Maximum 6,000 sheets

Automatic Duplex A5R-320 x 460 mm, 64-256 gsm

Controller Type Toshiba e-BRIDGE

Memory Toshiba Secure HDD 320 GB[2], 2.0 GB RAM

Control Panel 10.4" (26.4 cm) Colour Touch Panel

Interface 10Base-T/100Base-TX/1000Base-T (incl. IPv6),
High Speed USB 2.0, WLAN[3] (IEEE802.11b/g/n)

Dimensions & Weight 980 x 698 x 1,540 mm (W x D x H), ~ 244 kg

Print

Resolution 600 x 600 dpi, 8 bit per colour channel
1,200 x 1,200 dpi (2 bit, PostScript driver only)

Page Description Language XPS, PCL 6 and PostScript 3 compatible

Supported Systems Windows 8/7/Vista/Server 2008/Server 2003
(32/64 bit), Windows Server 2012 R2/Server 2008 R2
(64 bit), Mac OS X 10.4.11-10.10, Linux/Unix, Citrix,
Novell NetWare (NDPS), SAP, AS/400

Colour Modes Auto-Colour (ACS), Colour, Twin Colour, Monochrome

Colour Settings ICC profile colour management, Brightness,
Saturation, Contrast, Colour Balance

Print Functions Universal Printer Driver, Templates, Driver plug-ins[3],
Print from USB, Hold print, Tandem printing, AirPrint

Scan

Resolution Maximum 600 x 600 dpi, 8 bit per colour channel

Scan Speed Colour & Monochrome: 77 ipm (300 dpi)

Scan Modes Auto-Colour (ACS), Colour, Greyscale, Monochrome

File Formats JPEG, Multi/Single Page TIFF/XPS/PDF, SecurePDF,
Slim PDF, Searchable PDF[3] (and
other formats like DOCX, XLSX, RTF, TXT, PDF/A)[3]

Scan Functions WS Scan, Scan to USB, Scan to E-Mail, Scan to
File (SMB, FTP, FTPS, IPX/SPX, Local), Meta Scan[3],
Scan to Box (e-Filing), WIA, TWAIN

Copy

Resolution Scan: 600 x 600 dpi, 10 bit per colour channel
Print: 600 x 600 dpi, 8 bit per colour channel
2,400 x 600 dpi, monochrome with smoothing

First Copy Output Time Colour: Approx. 6.5 seconds
Monochrome: Approx. 5.3/5.3/4.6 seconds

Zoom 25-400% (Platen), 25-200% (RADF)

Copy Modes Text, Text/Photo, Photo, Printed Image, Map,
Image Smoothing

Colour Modes Auto-Colour (ACS), Full Colour, Twin Colour,
Mono Colour, Monochrome

Colour Settings Hue, Saturation, Colour Balance, RGB adjustment
5 one-touch modes

Copy Functions Electronic Sort, Rotate Sort, ID Card Copy,
Edge Erase, 2-in-1 / 4-in-1 mode

Fax[3]

Communication Super G3, G3 - (opt. 2nd line), Internet Fax T.37

Transmission Speed Approx. 3 seconds per page

Compression JBIG, MMR, MR, MH

Fax Memory 1 GB Transmission/Reception

Network-Fax Driver for Windows 8/7/Vista/Server 2008/
Server 2003 (32/64 bit), Windows Server 2012/
Server 2008 R2 (64 bit)

Incoming Fax Routing To shared folders (SMB, FTP, IPX/SPX), E-Mail,
e-Filing

System & Security

Device Management e-BRIDGE Fleet Management System[3], Top Access
for remote administration and configuration

System Features e-Filing document server for secure storage,
Document distribution and Print-on-Demand
(1 public box, 200 user boxes), 12,060 one-touch
templates for storage of personalised settings or
workflows, Scan/Fax Preview, Rip-while-Print,
e-BRIDGE Open Platform[3], Embedded Web
Browser, Job Skip

Accounting & Security Role Based Access, LDAP support, 1,000
department & 10,000 user codes, Card Reader[3],
Private print, Standard data encryption with
Toshiba Secure HDD, Data Overwrite Enabler[3],
IP and MAC address filter, Port filter, Support of
SSL and IPsec[3] protocols, IEEE802.1x support,
IEEE2600.1 compliant[3], Scan to Secure PDF

---

[1] e-STUDIO5560c Tandem LCF version only
[2] The actual formatted capacity is less. Available capacity will also be less if software
applications are pre-installed.
[3] Optional

OPTIONS

LARGE CAPACITY FEEDER	2,500-sheet capacity, A4, 64-256 gsm
MULTI-STAPLE FINISHER	2 trays, 3,250-sheet capacity 50-sheet multi-position stapling A5R-A3, 60-105 gsm (stapling mode)
SADDLE-STITCH FINISHER	2 trays, 3,250-sheet capacity 50-sheet multi-position stapling 5-sheet center folding Saddle-stitched booklets of up to 60 pages A5R-A3, 60-105 gsm (stapling mode)
HOLE PUNCH UNIT	Available in 2 holes (E), 4 holes (F)

SIDE EXIT TRAY

HDD 320 GB[2)] (FIPS 140-2 STD)

FAX BOARD

WIRELESS LAN MODULE

e-BRIDGE ID-GATE

DATA OVERWRITE ENABLER

IPsec ENABLER

HARD COPY SECURITY KIT

META SCAN ENABLER

UNICODE FONT ENABLER

e-BRIDGE RE-RITE

Windows 8 Compatible · Windows Server 2012 Certified · ENERGY STAR · AirPrint · SAP® Printer Vendor Solution · CORTADO Cloud Printing Ready · TOSHIBA CARBON ZERO SCHEME

CONFIGURATION

Side Exit Tray

Multi-Staple Finisher

Hole Punch Unit

Large Capacity Feeder

Saddle-Stitch Finisher

LCF Version
The e-STUDIO5560c is also available with two 540-sheet cassettes and one 2,320-sheet Tandem Large Capacity Feeder.

About Toshiba Tec

Toshiba TEC UK Imaging Systems LTD is part of the globally operating Toshiba TEC Corporation, active in various high-tech industrial sectors.

Toshiba TEC Corporation is a leading provider of information technology, operating across multiple industries. With headquarters in Japan and over 80 subsidiaries worldwide, Toshiba TEC Corporation helps organisations transform the way they create, record, share, manage and display information.
